**His Excellency Mr. Cherdchai Chaivaivid**

**Ambassador and Permanent Representative of Thailand  
to the United Nations**

**at the United Nations High-Level International Conference  
on the Peaceful Settlement of the Question of Palestine and the  
Implementation of the Two-State Solution**

**30 July 2025, New York**

*As delivered*

Co-Chairs,

1. Thailand would like to express our appreciation for your collective efforts and determination in convening this Conference, to reaffirm our shared political will and commitment to enduring peace and stability in the Middle East.
2. This long-awaited Conference aims to advance international support for a just, lasting, and comprehensive resolution of the Israeli-Palestinian conflict through the peaceful implementation of the two-State solution.

Co-Chairs,

3. Regrettably, one delegation raised an unrelated issue. While I had not intended to bring this bilateral matter into this important forum, I must briefly clarify the facts to prevent misunderstanding.
4. On 28 July, through the good offices of the Prime Minister of Malaysia as ASEAN Chair, a ceasefire was agreed. Yet, shortly after it took effect on 29 July, our neighbour resumed cross-border fire and incursions into Thai territory, in grave violation of the agreement.
5. Thailand urges our neighbour to adhere strictly to the ceasefire agreement and reaffirms its commitment to working through existing bilateral channels and to refrain from disseminating false or misleading information and to engage in good faith.

Co-Chairs,

6. The dire situation in Gaza with ongoing hostilities, humanitarian suffering and widespread displacement, as well as rising tensions across the broader Middle East region, urgently call for renewed dialogue and efforts to safeguard peace and stability.

7. Allow me to highlight the following points;

8. First, Thailand reaffirms our support for **the two-State solution as the only viable path to lasting peace**, in accordance with international law and relevant UN resolutions, with the States of Israel and Palestine living side by side in peace and security.

9. An **inclusive approach** is essential. Thailand supports all efforts by the UN, regional and international partners, including the League of Arab States, the OIC, and peace-loving nations – to foster meaningful dialogue and create conditions for peace. Trust must be rebuilt through confidence-building measures, constructive engagement, and inclusive diplomacy that addresses the concerns and aspirations of all parties.

10. Second, we continue to call for **a ceasefire that is sustainable and an immediate and unconditional release of all remaining hostages**. With Thai nationals among those affected, we have witnessed firsthand the human toll that extends beyond the region. Peace in the Middle East is, therefore, a shared responsibility for us all.

11. Third, the protection of civilians remains our priority. We support **the immediate, safe, and unimpeded delivery of humanitarian assistance**, in accordance with international humanitarian law.

Co-Chairs,

12. Today, let us reaffirm our collective resolve to bring this conflict to a permanent end through constructive dialogue and action-oriented solutions. Let history not remember us for our inaction, but for our courage to take decisive steps in pursuit of peace over conflict.
