INDONESIA: NEW IMMIGRATION REGULATION

The new Indonesian regulation GR 48/2021, that came into force very recently, introduces some significant changes on immigration, such as:

-Limited Stay Permits

It provides that a Limited Stay Permit (ITAS) is valid for a maximum of five years and can be extended under the condition that the aggregate stay of a foreigner does not exceed ten years. It further clarifies that an ITA for work purposes that is valid for no more than 90 days can be extended under the condition that the aggregate stay does not exceed 180 days.

-Visit Stay Permits

It provides that a Visit Stay Permit is valid for a maximum of 180 days and is non-extended.

-Visit Visa

It adds a new eligibility for both Single and Multiple-Entry Visit Visa, i.e., pre-investment activities, such as field surveys and feasibility studies.

SINGAPUR: GST CHANGES FOR 2021

The move to expand the scope of GST comes only one year after foreign digital service providers were obligated to register and be charged for GST, under the Overseas Vendor Registration (OVR) regime.

Foreign digital service providers with global revenue of more than \$1 million and selling more than \$100,000 worth of digital services to Singaporean customers, during a 12-month period, are obligated to pay the seven percent GST rate.

To cushion the impact of the GST rate increase, the government has set aside \$6 billion in the Assurance Package issued last year. All adult Singaporeans received cash payments between \$700 and \$1,600 over five years. The government has argued that without the necessary increase, it cannot fulfill its spending needs, particularly in healthcare.

Businesses should review their contracts with suppliers and customers to determine which party should bear the cost of the GST when the rate does increase. Moreover, businesses should review any changes required to be made to their systems or processes in the event of a GST hike.

UE: CUSTOMS CONVENTION OF THE INTERNATIONAL TRANSPORT

Council Decision (EU) 2021/463 of 9 March 2021 on the position to be taken on behalf of the European Union within the Administrative Committee established by the Customs Convention on the international transport of goods under cover of TIR Carnets, as regards the amendments to that Convention. (Official Journal of the European Union – OFEU N° L95, 18 March 2021)

UE: DIGITAL GREEN CERTIFICATE

The European Parliament and of the Council has presented its “Digital Green Pass”, project, a digital green certificate known as a COVID-19 vaccination passport. According to the Commission, it will facilitate free movement under conditions of safety during the pandemic within the EU.
