ROYAL THAI EMBASSY, BANDAR SERI BEGAWAN

ROYAL THAI EMBASSY
BANDAR SERI BEGAWAN

Preface by Mr. Payap Nilyam, Head of the Thai Community in Brunei Darussalam

This e-book, a guide to Thai food in Brunei Darussalam, is an initiative of the Thai Community in the nation, supported by the Royal Thai Embassy, Bandar Seri Begawan. The first edition of this e-book is a step forward from the existing manual booklet titled "Thai Restaurants in Brunei Darussalam" published in 2019 by the Royal Thai Embassy.

The aim of this digital book is to introduce halal Thai restaurants and eateries in Brunei Darussalam in a more convenient and accessible manner; allowing Bruneians and expatriates to experience Thai cuisine around the country. This e-book depicts how each Thai dish is created and provides readers with information on local distributors and importers of food products from Thailand.

On behalf of the Thai community in Brunei Darussalam, I would like to express appreciation to the Royal Thai Embassy for their continuous support to the Thai community and the Thai restaurants, eateries, local importers and distributors for participating and taking part in promoting Thai cuisine in Brunei Darussalam.

Appreciation by Ambassador

On the special occasion of the 40th Anniversary of the establishment of Diplomatic Relations between Thailand and Brunei Darussalam, the Royal Thai Embassy, Bandar Seri Begawan, would like to congratulate the Thai Community in Brunei Darussalam for initiating the first edition of this e-book "A Guide to Thai Food in Brunei Darussalam," published in both English and Bahasa Melayu for the convenience of food enthusiasts.

"A Guide to Thai Food in Brunei Darussalam" has been developed in recognition of the popularity of Thai food products, which the Thai community, local importers and distributors have successfully represented during events such as the annual Thailand Grand Fair and Thailand Bazaars in Brunei Darussalam.

We hope this digital book will serve as a bridge, bringing Bruneians and Thais closer through their shared food cultures, ultimately fostering more person-to-person connections.

This guide additionally serves as a platform for those in the Thai food business, including local SMEs in the sultanate to introduce their products and new selections to the local market. Furthermore, it is an opportunity to expand their potential business counterparts.

It is also my wish that this platform will create a community of partnership among those in the Thai food business, enabling them to share and support one another in serving Thai flavors in Brunei Darussalam.
