

نمایشگاه بین المللی دریایی
جمهوری اسلامی ایران
IRAN SEA EXPO
International maritime exhibition of Islamic countries
المعرض الدولي البحري للدول الإسلامية الفترة

To the respectful manager,

Islamic republic of Iran is located in one of the most important and strategic economic-commercial regions in the world and has vast coasts on the sideline of the most significant world maritime region (Persian gulf and Oman sea), the largest lake in the world (Caspian sea) with several thousand history in international maritime, the first ranking in Persian gulf region in terms of commercial marine capacity, first ranking in Opek and fourth ranking in the world in terms of oil fleet capacity and has high potential for developing and growing marine affairs and industries.

Hamayeshgaran sam Exhibition Company is going to hold the third international marine exhibition of Islamic republic of Iran coinciding the first Islamic countries marine exhibition 6-9 June 2015 with the support of ports and maritime organization (PMO) (Iran naval reference), organization of the Islamic ship owners association (OISA), organization of Islamic cooperation (OIC), presenting the latest achievements of world marine and maritime industries, creating and promoting world marine development, creating suitable opportunity for more interaction with marine Elites, optimal usage of available capacities of marine field of Muslim countries, promoting scientific level of marine and maritime field & attempt to adopt unified approach, creating required coherence & unity of marine field in Tehran.

The area of this exhibition is 27000 sqm and 150000 Asian and European experts visit it, it is one of the most important marine events to create scientific and technological cooperative opportunities, it creates an appropriate space for meeting, familiarizing and presenting goods and services to other countries and effective relationship to advance goals and obtaining updated information in marine field, developing economic, commercial, scientific and cultural cooperation in marine sector.

This exhibition is consisted of various sectors such as: presenting abilities and achievements in shipping, ship building industries, oil and gas offshore industries, marine and port services, Oceanography, aerology, electronic and telecommunication, marine tourism & Recreation, marine environment, marine laws, Fisheries and Aquaculture, classification societies, insurance and credit institutions, hydro graphic and surveying, marine search and rescue of universities and great centers of Marine Science and Technology, associations and unions which hold various training workshops.

Participation in this exhibition gives you the opportunity to get familiar with the best Iranian and Asian companies in marine and maritime fields directly, this exhibition will not only be one of marine events of the region but also provides your relationship with international experts.

Given the valuable role of that respectful organization, we need your cooperation and support in the third international marine exhibition and the first marine exhibition of Islamic countries.

Hereby, we would like to invite you as our special guest in this exhibition.
