

New legal provisions open up the possibility of applying for a residence permit for pursuing investment activities to those who have entered the country regularly (v.g. holders of valid Schengen Visas, or beneficiaries of Visa exemption), by transferring capital, creating jobs or acquiring real estate, with advantageous periods of stay in Portugal.

The holders of Golden Residence Permit for Investment Activity have the right to family regrouping, and may gain access to a permanent residence permit, as well as to Portuguese citizenship in accordance to the current legal provisions.
