

Announcement on new e-visa service with visa stickerless

The Royal Thai Embassy wishes to inform that the Embassy will start providing new e-visa service with visa stickerless from 27 September 2021 onwards.

The new e-visa service will help facilitate the visa applicants in the Republic of Korea to get visas without making appointments for submitting their passports and related documents to the Embassy.

Once the visa is approved by the Embassy, the notification letter will be automatically sent to the visa applicant by the system. Therefore, the visa applicant is advised to print out the said letter and present it to the Thai immigration officer upon arrival at the immigration check point in Thailand.

In this connection, the procedure for application of e-visa with visa stickerless will be as follows:

1. The Embassy will receive visa application under the current e-visa service until 17 September 2021.
2. The Embassy can approve visa application and issue visa with visa sticker to the applicant until 23 September 2021.
3. The Embassy will temporarily suspended e-visa service during 23 – 27 September 2021. The Embassy will consider visa applications to be submitted via e-visa system during 18-22 September 2021 when the new e-visa system is ready for service on 27 September 2021 at 06.00 hrs. (Thailand time).
