132. We reaffirmed our commitment to further strengthening the EAS as a Leaders-led forum for dialogue on broad strategic, political, and economic issues of common interest and concern with the aim of promoting peace, stability, and economic prosperity in the region with ASEAN as the driving force. In this regard, we were committed to ensuring the effective follow-up on the Ha Noi Declaration on the 15th Anniversary of the EAS to further strengthen the EAS process, sustain its strategic value and relevance as well as enhance its responsiveness to fast-changing developments in the regional and global context. We looked forward to the adoption of the EAS Plan of Action (2024-2028) to further enhance EAS cooperation over the next five years.
133. We welcomed the continued discussions and efforts to strengthen the EAS, including through, among others, negotiating and concluding the Terms of Reference of the Group of the East Asia Summit Ambassadors in Jakarta which regularises the engagement between the CPR and the non-ASEAN Ambassadors of EAS Participating Countries in Jakarta to discuss the implementation of the EAS Leaders' decisions, strengthen EAS cooperation, as well as exchange information on regional development which may affect regional peace and stability, cooperation initiatives and security policies and initiatives, and discuss the evolving regional architecture as well as enhancing coordination with the support of the EAS Unit at the ASEAN Secretariat.
134. We underscored the importance of refraining from provocative actions and adhering to the purposes and principles enshrined in the UN Charter, the ASEAN Charter, the TAC, and the objectives and principles of the SEANWFZ Treaty, in light of regional volatilities in order to prevent miscalculation, serious confrontation, open conflicts, and unpredictable consequences. Therefore, we expressed our willingness to work together to promote the common goals and interests of the EAS Participating Countries and committed to a single EAS statement as the outcome document of the 18th EAS that emphasises the EAS Participating Countries' commitment to maintaining the region as an epicentrum of growth by building resilience against emerging challenges and future shocks

through cooperation on maintaining financial stability, strengthening regional health architecture, building food security and resilience, and mitigating the impacts of geopolitical tensions on the economy.

REGIONAL AND INTERNATIONAL ISSUES

137. We recognised the strategic importance of our region for our peace, security, stability, and prosperity, as well as for those of our external partners. ASEAN and ASEAN-led mechanisms remain inclusive, and open avenues that facilitate constructive dialogue and concrete cooperation, thereby contributing to the development of the evolving regional architecture in line with the ASEAN Charter and the AOIP.

South China Sea

138. We discussed the situation in the South China Sea, during which concerns were expressed by some Ministers on the land reclamations, activities, serious incidents in the area, including actions that put the safety of all persons at risk, damage to the marine environment, which have eroded trust and confidence, increased tensions, and may undermine peace, security, and stability in the region. We reaffirmed the need to enhance mutual trust and confidence, exercise self-restraint in the conduct of activities that would complicate or escalate disputes and affect peace and stability, and avoid actions that may

further complicate the situation. We further reaffirmed the need to pursue peaceful resolution of disputes in accordance with the universally recognised principles of international law, including the 1982 UNCLOS. We emphasised the importance of non-militarisation and self-restraint in the conduct of all activities by claimants and all other states, including those mentioned in the 2002 Declaration on the Conduct of Parties in the South China Sea (DOC) that could further complicate the situation and escalate tensions in the South China Sea.

139. We reaffirmed the importance of maintaining and promoting peace, security, stability, safety, and freedom of navigation in and overflight above the South China Sea and recognised the benefits of having the South China Sea as a sea of peace, stability, and prosperity. We underscored the importance of the full and effective implementation of the DOC in its entirety. Developments in the Korean Peninsula

141. We stressed the importance of continued peaceful dialogue among all concerned parties in order to realise lasting peace and stability in a denuclearised Korean Peninsula. The recent surge in the Democratic People's Republic of Korea's (DPRK) intercontinental ballistic missile testing and ballistic missile launches and the increased tension in the Korean Peninsula are a worrisome development that threatens peace and stability in the region. We urged all concerned parties to resume peaceful dialogue and continue working towards the realisation of lasting peace and stability in a denuclearised Korean Peninsula. We reiterated our commitment to the full implementation of all relevant UNSC Resolutions and noted international efforts to bring about the complete, verifiable, and irreversible denuclearisation of the Korean Peninsula

in a peaceful manner. Diplomatic efforts, including the creation of a conducive environment for peaceful dialogue among all concerned parties should remain a priority. We reiterated our readiness to play a constructive role, including through utilising ASEAN-led platforms such as the ARF in promoting a conducive atmosphere for peaceful dialogue amongst the concerned parties.

Developments in Myanmar

142. We discussed the developments in Myanmar and reaffirmed our united position that the Five-Point Consensus (5PC) remains our main reference to address the political crisis in Myanmar. We strongly condemned the continued acts of violence, including air strikes, artillery shelling, and destruction of public facilities and urged all parties involved to take concrete action to immediately halt indiscriminate violence, denounce any escalation, and create a conducive environment for the delivery of humanitarian assistance and inclusive national dialogue.
143. We commended the AHA Centre for its partial delivery of aid to 400 households of Internally Displaced Persons (IDPs) in Hsiseng Township, located in the Southern Shan State, on July 7, 2023. We appreciated the support of the relevant stakeholders in ensuring safe delivery. We called on further facilitation to ensure the humanitarian assistance can safely reach the 1,1 million Internally Displaced Persons (IDPs) identified in the Joint Need Assessment (JNA) Report of the AHA Centre. We appreciated the support from all stakeholders in Myanmar for helping the completion of the JNA by the AHA Centre in an inclusive manner facilitated by the ASEAN Chair. We called for additional support from the international community for humanitarian assistance to implement the JNA Report.
144. We appreciated the Chair's efforts in intensifying engagement with all relevant stakeholders in Myanmar to build trust and confidence, create a conducive environment, and bridge gaps and differences leading toward an inclusive dialogue for a comprehensive political solution. We supported sustaining such engagements to push for the implementation of the 5PC in its entirety, in line with our Leaders' decision at the 42nd ASEAN Summit. We called for continued support of the External Partners, including the UN and neighbouring countries of Myanmar, to work with ASEAN for concrete implementation of the 5PC.
145. We reaffirmed ASEAN unity and reiterated that any effort should support, in line with 5PC and in coordination with the Chair of ASEAN.
146. We will conduct our comprehensive review of the 5PC implementation and submit our recommendation to the 43rd ASEAN Summit.

148. We expressed concern over the developments in the Middle East region. We reiterated the need for a comprehensive, just, and sustainable solution to the Israeli-Palestinian conflict in order to achieve peace and stability in the Middle East region. We urged both sides to actively take positive steps to allow for negotiations to gain traction and work together towards the resumption of negotiations to achieve an enduring peace. We fully supported the legitimate rights of the Palestinian people for an independent State of Palestine with the realisation of two states, Palestine and Israel, living side by side in peace and security based on the pre-1967 borders, with East Jerusalem as its capital.
