

ANNOUNCEMENT

FURTHER DETAILS REGARDING ONLINE VISA APPOINTMENT

The Royal Thai Embassy wishes to announce that from 1 July 2016 the Embassy launches the online visa appointment system for both individual applicants and travel agencies. The link of online visa appointment is available on the Embassy's website.

Each travel agency is required to register with the system to obtain an username and password before proceeding to make online appointments. After registering with the system, travel agencies are required to submit letters of the IATA Agents Association of Sri Lanka certifying their validity of licenses or copies of their valid licenses certified by the IATA Agents Association of Sri Lanka.

For travel agencies which are not members of the IATA Agents Association of Sri Lanka, they are required to fill their Travel Agents Association of Sri Lanka license numbers in the system (in the box of IATA registration no.) and subsequently submit letters of the Travel Agents Association of Sri Lanka certifying their validity of licenses. However, these travel agencies are restricted to submit visa applications only **until 31 October 2016**. After such date, only the members of the IATA Agents Association of Sri Lanka are allowed to submit visa applications. The accounts of travel agencies which are not the members of the IATA Agents Association of Sri Lanka will be deleted from the online visa appointment system.
