Department of Health Service Support  
Ministry of Public Health

# **THE AMENDMENT TO THE ADDITIONAL CRITERIA FOR PURCHASING HEALTH INSURANCE OF NON-THAI NATIONALS WHO APPLY FOR NON-IMMIGRANT “O-A” VISA (1 YEAR)**

## 1. Background/Rationale

1.1 On 2 April 2019, the Cabinet approved the additional criteria for purchasing health insurance of non-Thai nationals who apply for the Non-Immigrant “O-A” Visa (1 year) in accordance with the proposal of the Ministry of Public Health.

1.2 The Department of Consular Affairs, Ministry of Foreign Affairs issued the guideline on the Non-Immigrant “O-A” Visa application. It indicated that non-Thai nationals who apply for the aforementioned visa would purchase health insurance from Thai or non-Thai company that would valid for the whole duration of the stay in Thailand with the coverage for medical expenses in the case of out-patients of not less than 40,000 THB and in-patients of not less than 400,000 THB. The guideline took effect from 31 October 2019.

1.3 Pursuant to the Decree of Royal Thai Police No. 548/2562 dated 27 September B.E. 2562 (2019) Re: the amendment to criteria and conditions of the consideration for non-Thai nationals who request for the temporary stay in Thailand, those nationals who obtained the Non-Immigrant “O-A” Visa shall purchase health insurance from Thai company that would valid for the whole duration of the stay in Thailand with the coverage for medical expenses in the case of out-patients of not less than 40,000 THB and in-patients of not less than 400,000 THB. The purchase can be done through the website: [longstay.tgia.org](http://longstay.tgia.org) which was launched since 31 October 2019.

1.4 In reference to the decree in 1.3, it found major problems of purchasing health insurance of non-Thai nationals who applied for the aforementioned visa including (1) non-Thai nationals over the age of 70 could not purchase Thai health insurance causing the lack of qualification to extend the stay (2) the foreign insurance certificate didn't correspond to insurance system and funds' benefits and (3) non-Thai nationals who intended to extend the visa needed to purchase non-Thai health insurance.

1.5 International Health Division was assigned by the Department of Health Service Support to hold the meetings with relevant agencies about the amendment to additional criteria for purchasing health insurance of non-Thai nationals who apply for Non-Immigrant “O-A” Visa (1 year). The meetings were held 3 times in total on 17, 25 June and 23 July 2020 respectively. After that, the quorum agreed to the additional amendment and assigned the International Health Division to submit it to the Cabinet for consideration. Details are as follows:

1) The insurance coverage of the first visa application and extension – originally indicated that the amount of coverage in the case of out-patients shall not less than 40,000 THB and in-patients shall not less than 400,000 THB – is changed into having health insurance or social welfare covering all medical expenses including the ones for COVID-19 with the coverage of not less than 100,000 USD (3 million THB).

2) The criteria for visa extension are as follows:

2.1) Purchasing non-Thai health insurance or having non-Thai social welfare:

(a) The foreign insurance certificate shall be certified by a government organization which is an embassy in Thailand, or

(b) Coordinating with the Ministry of Foreign Affairs of the applicant's country to sign the notary by the authorised person.

3) In the case of risk groups who are totally or partially denied insurance purchase by the company, they shall have additional documents as follows: (1) the letter of denial [(1.1) if the denial is issued in Thailand, follow the criteria, but (2) if it is done in foreign countries, coordinate with the Ministry of Foreign Affairs of the applicant's country to sign the notary by the authorised person] (2) documents demonstrating properties, bank deposit, health insurance or others whose coverage shall not less than 3 million THB in total in accordance with the criteria prescribed by the Immigration Bureau.

These criteria are amended to solve the problem of insurance purchase that may occur and to raise the standards of the screening of non-Thai nationals who intend to enter Thailand.

1.6 Department of Health Service Support by International Health Division submitted the proposal to the Cabinet for consider the amendment to the additional criteria for purchasing health insurance of non-Thai nationals who apply for Non-Immigrant "O-A" Visa (1 year). Later, on 15 June 2021, the Cabinet approved the aforementioned proposal submitted by Ministry of Public Health. Therefore, the criteria for applying for Non-Immigrant "O-A" Visa which originally indicated that non-Thai nationals who applied for the visa would purchase health insurance from Thai company whose coverage for out-patients shall not less than 40,000 THB and in-patients shall not less than 400,000 THB is changed into that those applicants are allowed to purchase Thai or non-Thai health insurance or have non-Thai social welfare that covers all medical expenses including the ones for COVID-19 with the coverage of not less than 100,000 USD (3 million THB) (details are shown in the table).
