

## Part 1: Question and Answer

(3/4 minutes)

---

The examiner will introduce this part of the test as follows:

*"In the first part of this test I am going to ask you some questions about the topics of **sport and education.**"*

The examiner will then ask the test taker at least two questions on each topic.

### Sport

- How often do you play sport? (Which sports? Who with? What about on TV?)
- Which sports are important to Thai people? (Why?)
- How does sport contribute to the learning and development of young people?

### Education

- Did you enjoy school? (Why? Why not?)
- Is what you studied in school/university relevant in your current job/work situation? (How?)
- If you were the Minister of Education, what would your two main priorities be to improve the quality of education in Thailand?

When the time is up, the examiner will move on to the second part of the test.
