

Dezhou University Sincerely Invites Talents From All Over the World

1. About University

Dezhou University is a comprehensive state university approved by the Ministry of Education. It has been granted as the construction of master degree awarded as well as the construction of an application-oriented undergraduate university supported among the first ones in Shandong Province. It is located in Dezhou city, Shandong Province, which is known as the "Entrance to Beijing" and the "Intersection of Thoroughfares". There are 22 colleges, 69 undergraduate majors, one National and Regional Research Center of the Ministry of Education, there are 18 key laboratories at or above the provincial level in Shandong province. The university has over 1600 faculty members, including over 1300 full-time teachers, 636 professors and associate professors, 112 master tutors, 4 teachers who enjoy government allowances of the State Council, 25 provincial-level young and middle-aged experts and "Taishan Scholars" who have made outstanding contributions.

The university carries forward an internationalized school-running strategy as an important starting point and characteristic for building a high-level application-oriented

university. The university focuses on promoting cooperation in education with countries

along the "Belt and Road". It has cooperated with 70 universities from 18 countries such as Britain, Russia, Poland and Malaysia. In addition, there are two undergraduate level and one junior college level Sino-foreign cooperative education programs. The program has been approved by the China Scholarship Council as the "Russia-Ukraine And Belarus International Cooperative Training Program", and international research cooperation platforms such as the "Sino-Russian Frontier Cross Laboratory of Biophysics" and the "Chinese Traditional Culture Communication Research Center" have been established. Shandong ASEAN Research Center is listed as the pilot construction unit of "National and Regional Research Center of Universities" by the Ministry of Education. In 2021, The China-Russia Biophysics Frontier Cross Cooperation Forum has been successfully held.
